

SO NEW,
SO RICH,
SO HEALTHY
AND SO
NATURAL

We present you the new vegetable drink that you are sure to love.

Pitey was born thanks to the joint effort of the National University of Córdoba, CONICET, and the companies Alimentos Nutricionales S.A., Nutrin S.A. and La Lácteo S.A.

Why is Pitey so very very rich?

Because for its preparation we use a higher percentage of grains than other vegetable drinks. That is because Pitey is more consistent, with better texture and much more flavor.

Pitey has so much + of everything!
